SIR,

I have the honour to forward herewith a Memorial submitted to Government by Mr. D.K. Munisamayya, Examiner of this office, praying that he may be appointed as the Machine Foreman in the vacancy that will be caused by the grant of leave preparatory to retirement to Mr. M. Singraiya, with effect from the 13th instant. In this connection, I beg to state as follows:-

Mr. D.K. Munisamayya represents in his application " that he has worked in the Machine Branch times out of number ". But the records of this office show that while the applicant was in the grade of a Compositors' Foreman, he was called upon to look after the work in the Machine Room, ie., simply to distribute work to the Machinemen without ever being made to act as the Foreman of that section. In the year 1921, during the strike period, when the press was working by two shifts, the necessity for increased staff was very keenly felt and the services of the existing men, irrespective of their merit or qualification, had to be utilised. It was then that the applicant was asked to look after the work in the Branch, whenever Mr. T. Krishnappa, the then printing Foreman, was absent on short periods of leave or was put in charge of some other work.

The applicant states, in support of his claim, that he has

has passed the examinations in printing. No doubt he has secured a pass in the examination in the Elementary Grade so long ago as 1910, but this, by itself, does not make him the most suitable candidate for the place. He has never worked as a practical printer and is quite out of touch with the machine work for a long number of years. He also lacks in other qualities, viz., capacity and tact to manage labour, which are quite essential in a Foreman, who has to execute the work in a large section like the printing Branch, where nearly sixty men are working. Further, being advanced in years, (he is now 47 years of age) and frequently falling ill, he does not possess active habits and does not exhibit any inclination for execut work. In short, apart from seniority in service and holding certifica for having passed an elementary test, he does not possess any aptitude necessary for an aspirant for the place. He is also irregular in attendance due to illness.

The hereditary mentality of the employees of this office has along been to secure a jump from branch to branch and grade to grade irrespective of whether they are eligible for the post which they seek to hold, on the ground of mere seniority. Thus a very large number of anomalies had been created in this office which had to be set right in the interests of efficiency of such a technical department as the pres where training, capacity and aptitude are the criterions rather than mere seniority. In order to do away with these anomalies, opportunity was taken to grade the appointments suitably in each branch, so that a person working in one branch need not aspire for a post in any other branch to which he is not qualified. Government have been pleased to accept those proposals and sanction the revision of the establishment the Government Press in 1926 in their order No. G. 9077-8/P.&.S. 34-25 dated 12th May 1926. The applicant now seeks to go behind this order, perpetuate the anomaly, which cannot be approved. He should look forwa for his promotion in his own branch, where he has been working off an for over six years, according to the Government Order.

I have the honour to be,
Sir,
Your Most obedient servant,

Superintendent.

To

R.Ranga Rao, Esq., B.A., B.L.,
General Secretary to the Government
of Mysore, B a n g a l o r e.

Through B.Puttaiya, Esq., B.A., Superintendent, Government Printing, B a n g a l o r e.

Respected Sir,

With reference to my application to the Superintendent, Government Printing, in connection with the vacancy of the Printing Foreman, I respectfully beg to state as follows:-

Sir, the said post is likely to fall vacant from 1st proximo as Mr.M.Singraiya, the present incumbent, has -- applied for leave preparatory to retirment. At this -- juncture there is every probability of one Mr.B.Gopala Iyengar a Mechanic on Rs.35/- per mensem who is far junior to me in respect of service and pay and who possesses no technical qualifications being made to supersede me in utter rejection of my claims. Is this fair, Sir, that an upstart who has only put in about 6 years service, should supersede me?

In this connection, Sir, I think it will not be out of place here, to bring to your kind perusal my fitness for the said vacancy. Sir, I have passed all the departmental Madras Technical Examinations in printing and hold "Printers' Group Certificate in Letter press Printing", and have served in various capacities to the satisfaction of my superiors in all the branches of the press and more than this, my experience of more than 20 years in the -- Department has befitted me to do every work that comes

under my hand with utmost energy, ability and enthusiasm.

Is this not enough, Sir, to entitle me for the post of Printing Foreman, in which place I have worked conscientiously, times out of number, showing capacity and efficiency? Further, since I am drawing at present a pay of Rs.55/-, I am the next senior to succeed to the said post of Printing Foreman in the natural course of seriatim arrangements.

Such being the case, Sir, I crave your indulgence to intervene in the matter and to see the cause of upholding justice and fair play with a view to establish my -- claims from being overlooked.

Fearing, the Superintendent is disposed to set aside my claims in view of his remarks on my application dated 19/20th Feb. and also in view of the supercessions he has made prior to this on previous occasions in respect of another person, Mr.C.Krishnaswamiengar, thus overlooking all my chances, I venture to tender this my humble appeal to you, Sir, whom I consider the only fountain of justice. At the same time I request that you will consider my case favourably and see that I am fixed up in the said vacancy in the grade of 50-6-80, for which act of kindness, I shall ever, as in duty bound, feel extremely thankful.

I beg to remain,

Respected Sir,

Your most obedient and
humble servant,

SIR,

Urgent 12/3

With reference to your letter No: G. 10562/P.S.S. 60-29-2, dated the 4th instant, requesting to be informed whether the conditions prescribed in clause (a) of Government Order No: Fl. 614-64/S.&.A., 38-29-1, dated 24/25th July 1929, for eligibility of leave to officials after their 55th year have been complied with in the case of Mr. M. Singraiya, Machine Foreman of this office, I have the honour to state that the official had expressed his desire to avail himself of the leave to which he was entitled prior to his superannuation in the year 1927, but that the leave prayed for by him could not be recommended on those occasions in the exigencies of public service It may be mentioned that Mr. Singraiya has very sparingly utilised the leave to which he was entitled, all along his service and during the long period of service of 38 years which he has put in in this office he has utilised leave only to the extent of nearly a year and a half, with the result that he had at his credit 3 months and 8 days' privilege leave and the full amount of furlough at the time of superannuation. Out of this, Mr. Singraiya was granted 2 months and 12 days' privilege leave from time to time during his extension period and is therefore eligible to 26 days' privilege leave and 2 months and 22 days' furlough

17

on full average salary as already stated in this office letter No: P. 2636, dated 21st February 1930. I believe, therefore, that the conditions specified in the Government Order referred to have been complied with.

As regards the question whether the arrangement proposed will not involve any supersession, I beg to state that there can be no possible supersession in this case as the appointment is a highly technical one and there is no one else qualified by training and experience in the branch whose claims have been ignored.

But as has been usual in this office for a long time past, all employees, whatever branch they may be working in, and whether they have the necessary qualifications or not, lay claim to any vacancy that may occur outside their own branch if it offers a chance for promotion for themselves. Accordingly, it is not unusual for a clerk in the office branch or a foreman in the composing branch or an examiner in the proof branch or even a foreman in the binding branch aspiring and laying claim to the post. Such anomalies were in existence in this office and these were set right as far as possible in accordance with the revision scheme sanctioned by Government in their Order No: G. 9077-8/P.&.S., X 34-15-3, dated 12th May 1926. According to this revision, the scales of pay in each branch have been so graded that no employee working in any particular branch need covet any post that may be vacant in any other branch to which his training and experience do not qualify him, but should look forward to promotion in his own branch. Hence, no worker in any other branch of the Press can aspire to this post which is highly technical and requires constant attendance and work in the machine room every day.

16

But there are the following three officials in the Press who would lay claim to the vacancy on account of their having passed an Elementary Examination in Printing about 20 years ago:-

1. Mr. D. K. Muniswamayya.-

Age .47. years
Service ...27.. years.
Present position. ... Proof Examiner.
Pay. ... ... Rs 55/-.

2. S. Govinda Rao.-

Age ..46. years
Service ...22 years.
Present position. ... Foreman in the Composing Branch.
Pay ... ... Rs 40/-

3. K. Narayanaswamy.-

Age. ..45. years
Service ..28 years.
Present position. ... Compositor's/ Accountant in the Office Branch.
Pay ... ... Rs 35/-

All these officials have been fixed in their respective branches and have to look forward to their promotion in their own branch. They are not qualified to hold the position of the Machine Foreman as they have not been in touch with the work for years together. Number 1 has addressed a Memorial to Government which I have -- Part V. submitted in my letter No: P.2711,... dated 3rd.instant., together with my observations.

The only men who will be eligible for the appointment are therefore those who have been working in the Machine Branch for a long time past. There is only one such man who has been so working for the past four years after serving an apprenticeship of over four years and who has picked up work excellently and has shown abilities of a high order in managing the men, in distributing the work and in turning out neat work on the machines. Such a man I have recommended to the post in the interests of efficiency and good work in the Press and I beg that he may be kindly appointed for the vacanct post.

I have the honour to be,

Your most obedient servant,
